The Dunes is where beautiful scenery and thrilling golf truly come together. With views along Tasmania's stunning coastline Barnbougle Dunes traditional links layout is

reminiscent of the courses of Scotland and Ireland. Its rolling greens and undulating fairways are challenging and fun, providing golfers with memorable rounds time and time again.

### BARBOUGLE LOST FARM, BRIDPORT

Barnbougle Lost Farm is just across the Forester River, adjacent to the Dunes course. Despite their close proximity, the two courses are remarkably different. The sand dunes on which Lost Farm is located are steeper and more dramatic than those of its sister course. The layout of holes also offers a more diverse routing, and even two extra holes, with fairways that roll both along the coast and inland.

Unlike a standard course, Barnbougle Lost Farm features 20 holes - all available to play in any one round. The greens are dispersed amongst the dunes and along the coastline while the fairways complement both the surrounding landscape and the iconic game itself.
